## About Our Publications

A-R Editions was founded in 1962 for the purpose of publishing modern critical editions of music based on current musicological research. This mission yielded our long-standing, highly respected series of critical editions, Recent Researches in Music, as well as the series Collegium Musicum: Yale University.

The contents of our editions are chosen for the value to scholars and performers and are prepared for publication according to the exacting standards that govern the making of modern critical editions. Each edition in our series provides a historical introduction, critical report, and English translations of foreign texts. Performance parts are available for most volumes.

For more details about our editions, visit our website: [www.areditions.com](http://www.areditions.com).

## Rental Process

To rent performance parts for larger ensembles, please initiate a rental request through our website. Simply search by composer, title, or product number (such as “B001R”) and click the “Request Rental” button. After gathering additional information from you, we will send our terms and a pro forma invoice for the rental costs.

We are also a Zinfonia partner, and all of our titles available for rental are listed on their website: [www.zinfonia.com](http://www.zinfonia.com). Registered Zinfonia users can initiate a rental through the Zinfonia website.
